II.2.4) Description of the procurement

The contracting authority intends to modify the existing contract term to allow for an additional 12-month extension to Surrey Healthy Children and Families Limited Liability

Partnership for a Surrey Children's Community Health Service. This contract, commencing 1st April 2022, will maintain existing services to enable the current service delivery model to be appropriately reviewed over the following year. This process will culminate in a suitable procurement process, anticipated to begin in January 2022.

Regulation 72(1)(c) of the Public Contract Regulations 2015 allows for a modification to an existing contract to be made, where a reasonable contracting authority could not have foreseen the circumstances within which it finds itself. The Awarding Authority will extend the original contract term on the basis they and associated commissioners have been unable to undertake preparatory procurement activity due to the extensive impact of the Covid-19 pandemic on commissioning resource, most of which in Surrey has been redeployed to COVID-19 testing and vaccination programmes. The immediate impact of the pandemic on this service and the continuing longer term effects have resulted in a greater need to reconfigure for optimum delivery of children's community health services in a new environment which could not have been anticipated by any diligent contracting authority.

II.2.11) Information about options
