Liverpool Streetscene Services Limited (LSSL) is a wholly owned subsidiary of Liverpool City Council (LCC) and in March 2016 was formed to deliver several essential services across the city of Liverpool including refuse and recycling, street cleansing and parks, cemeteries and grounds maintenance. The company has an estimated annual turnover of around £30 million.

LSSL has successfully introduced a commercial trade waste removal department and is looking to expand that service over the coming years. In order for the company to achieve its targets, it will require the use of multiple trade waste disposal facilities within the City of Liverpool.

Prospective suppliers are invited to submit proposals for this opportunity for the disposal of commercial trade waste with the expectation of being able to meet the requirements of LSSL as set out in this specification, which is to be broken down into two lots. The contract for each of the lots is due to commence on 1st October 2023.

The supplier will be required to provide access to the waste disposal facilities to meet the needs of the service from 01 October 2023 for a period of 3 years with the option of an additional two years, reviewed on an annual basis thereafter.
