Responsive Repairs and Planned works - Northeast Partnership

II.1.2) Main CPV code

- 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

Anchor is inviting suitably qualified and experienced Contractors to bid for an alternative delivery model for the delivery of responsive repairs, void property works and planned works(including building safety and fire safety works) to its circa 5800 properties/beds across

178 locations within the North East of England. The contract will be awarded for an initial period of 60 months with an option to extend by two further periods of up to 60 months, so a maximum duration of 15 years. The contract will have provision to include additional workstreams over the Contract Term.

II.1.5) Estimated total value

Value excluding VAT: £197,168,978

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKC - North East (England)

Main site or place of performance

Northeast of England

II.2.4) Description of the procurement

Anchor is inviting suitably qualified and experienced Contractors to bid for an alternative delivery model for the delivery of responsive repairs, void property works and planned works(including building safety and fire safety works) to its circa 5800 properties/beds across 178 locations within the North East of England. The contract will be awarded for an initial period of 60 months with an option to extend by two further periods of up to 60 months, so a maximum duration of 15 years. The contract will have provision to include additional workstreams over the Contract Term.

The Contract will be awarded for an initial period of 5 years, with the option to extend for two further 5 year periods at Anchors sole discretion.

Although initially centred on the delivery of repairs, empty properties and planned Investment works the contract has the provision to add in multiple additional workstreams during its term including (but not limited to) building safety works, fire safety works and retrofit renewable technologies as set out in the procurement documents.

Northeast England. This equates to circa 8,229,662 per annum (Estimated annual value is years 1 to 5 average. Planned works programme is forecast to increase in periods 2 and 3 of the contract term) and the this equates to 197,168,978m over the whole term (including all possible extensions)

The procurement is being undertaken using a "Competitive Dialogue" procedure (in accordance with Regulation 30 of the Public Contracts Regulations 2015). Under the first stage of the process, bidders are required to complete a Selection Questionnaire ("SQ Stage") and associated appendices . Following evaluation of submitted SQs, Anchor will invite shortlisted bidders to participate in the second stage of the process and submit "Detailed Solutions" ("ISDS" Stage), following which it will shortlist bidders to participate in Competitive Dialogue ("CD" Stage) and submit Final Tenders ("ISFT" Stage). Full details of the requirements, the evaluation criteria and how to participate are included in the procurement documents.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £197,168,978

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

180

This contract is subject to renewal

Yes

Description of renewals

After a successful 60 month, the agreement may be further extended for two additional periods of 60 months.

II.2.10) Information about variants

Variants will be accepted: No
