Description

The Royal Borough of Kingston Council is planning to undertake a tendering exercise for the redevelopment of the borough's Household Reuse and Recycling Centre and Waste Transfer Station.

The project is currently at the end of RIBA Stage 2 and the Council wishes to understand from construction contractors their interest in tendering for such a scheme and whether they would wish to do so on a single, traditional basis or on a two stage, design and build basis.

The scope of the project will be to refurbish the existing Waste Transfer Station (2898m²) (recladding, new roof, repairs to steel work etc) and redevelop the Household Reuse and Recycling Centre (4022m²) (mainly civils work including construction of ramps to create

step free site).

Depending upon feedback from the market, if the Council moves forward on a design and build the scope would also include the completion of RIBA Stages 3 and 4.

Contract dates (estimated)

- 1 September 2025 to 30 August 2030
- Possible extension to 1 October 2031
- 6 years, 1 month, 1 day
