I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Provision of Echocardiology Services

II.1.2) Main CPV code

- 85141000 - Services provided by medical personnel

II.1.3) Type of contract

Services

II.1.4) Short description

The service has been using E-logica for many years. The service has expanded to perform over 4000 tests per year, enabling the Community Cardiology Service to meet the

increasing demand.

The Community Trust has invested in Echocardiogram machines through the capital program to ensure the sustainability of the service and the ability to meet the conditions set in the Header Contract.

We receive an exceptional quality service from E-Logica, alternatives are directly employing cardiac physiologists or awarding to another supplier. Neither option would not be cost effective due to the cost of employment and alternative supplier costs demonstrated Key Criterion 2.

There is national shortage of these clinical professionals and recruitment would carry a significant risk to service provision due to leave/vacancy similar to the issues at other NHS providers (inc. WUTH) resulting in unacceptable waiting times. Recruitment risk and resource availability is carried by the supplier.

Additionally clinical supervision would not be available within WCHC, therefore requiring externally sourced supervision which would result in additional costs.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £240,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKD - North West (England)

Main site or place of performance

Wirral

II.2.4) Description of the procurement

The service has been using E-logica for many years. The service has expanded to perform over 4000 tests per year, enabling the Community Cardiology Service to meet the increasing demand.

The Community Trust has invested in Echocardiogram machines through the capital program to ensure the sustainability of the service and the ability to meet the conditions set in the Header Contract.

We receive an exceptional quality service from E-Logica, alternatives are directly employing cardiac physiologists or awarding to another supplier. Neither option would not be cost effective due to the cost of employment and alternative supplier costs demonstrated Key Criterion 2.

There is national shortage of these clinical professionals and recruitment would carry a significant risk to service provision due to leave/vacancy similar to the issues at other NHS providers (inc. WUTH) resulting in unacceptable waiting times. Recruitment risk and resource availability is carried by the supplier.

Additionally clinical supervision would not be available within WCHC, therefore requiring externally sourced supervision which would result in additional costs.

We are intending to award a contract an existing provider following direct award process C.

The approximate lifetime value of the contract is £240,000 - a further £240,000 if the potential 1 year extension is enacted..

II.2.5) Award criteria

Quality criterion - Name: The existing provider is satisfying the original contract and will likely satisfy the proposed contract to a sufficient standard / Weighting: 100

Cost criterion - Name: Value for money is one of evaluation criteria / Weighting: 0

II.2.11) Information about options

Options: Yes

Description of options

1 year contract with option to extend for a further 12 months
