II.1.4) Short description

Procurement Objectives:

The key objective of this procurement is to deliver the Mayor's School Filter Project. The key outcome of this project will be to install air quality filters in all classrooms across at least 200 selected schools in London (or in as many classrooms as practicable) to deliver reductions in PM2.5 concentrations in classrooms and realise subsequent health benefits for pupils and staff. These schools will be selected based on local concentrations and deprivation indices and will be spread evenly across the whole of London.

The project will also need to deliver awareness raising and education with schools, as well as maintenance of the filters including filter replacements. It will also need a strong monitoring, evaluation and reporting component which will help to inform any further rollouts of filters once this project has concluded, and to ensure they are being effectively utilised.
