II.1.4) Short description

This Project is to create a lifetime home for initially one complex young person (aged 14+), within Gloucestershire. The Provider will manage an identified and specifically adapted property which will be run as a registered Children's Home (Ofsted and CQC registered) to support this young person whilst under 18. Post age 18, under CQC registration the support will continue for this property to be a lifetime home, dependent on assessed needs.

The building is currently an empty property which was previously a 5 bedded residential home for Adults with Learning Disabilities. The property is based in the Stroud District of Gloucestershire, a 10-minute drive from the market town. The project will transform the property into a home initially for one Young Person with complex needs which include learning disabilities and autism. Over time and following appropriate matching exercises there is potential for a second young person to have a long term placement, this would not include emergency or short term placement.

The key drivers for the project are:

- For the Young Person to be in a regulated Placement with appropriate support in place.
- For the Young Person to have a lifetime home within Gloucestershire.
- For the Young Person to be given stability and consistency in both their home and their

care.

- For the Young Person to become integrated into their local community as much as possible.
- For the Young Person to achieve supported independence as they transition into adulthood.

This development will initially focus on providing a young person with a learning disability and autism, a home for life. It will provide the right infrastructure and care to help Gloucestershire meet this young person's needs now and into the future.

Please note this procurement will be conducted under the light-touch regime and this will be accelerated tender under regulation PCR 2015 27 (5). Please read the instructions for accessing the tender documents and the tender deadline.

II.1.5) Estimated total value

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The contract length is an initial term of 60 months with an optional extension of up to 60 months.

The initial term of 60 months is estimated at a value of £6,100,000.

The estimated contract value stated of £12,200,000 is for the entire potential 120 month term.

The contract value is dependent on the needs of the individual(s) resident. This means the total cost of the contract may increase to circa £15,000,000 to meet those needs. Please see the tender documents for initial term pricing and staffing requirements.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

Accelerated procedure

Justification:

GCC are issuing this accelerated tender under regulation PCR 2015 27 (5) due to a previous unsuccessful open procurement process, the impact of which has reduced the timescales for the mobilisation of the contract. A new full open tender process would further delay the contract award and mobilisation which would have a significantly

negative impact on the welfare of the individual and impact on our ability to meet our obligations under, inter alia, the Children and Young People Act 2014.

The previous tender was published on 24/4/23 reference 2023/S 000-011712. No acceptable bids were received.

This new tender increases the overall estimated potential maximum value of the contract (which will be dependent on the needs of the individuals living at the property) and adds in flexibility around meeting those needs in the future.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
