## Section II: Object

## II.1) Scope of the procurement

### II.1.1) Title

GMCA 837 Electric Vehicle Charging Infrastructure

Reference number

DN727939

### II.1.2) Main CPV code

• 51000000 - Installation services (except software)

#### II.1.3) Type of contract

Services

### II.1.4) Short description

Open tender procedure for the provision of Electric Vehicle Charging Infrastructure

Contract Duration: 36 Months with a provision to extend for 2 Years in 12 month increment periods

GMFRS would like to make full use of the Workplace Charging Scheme to fund £350 per socket for the maximum allowance of 40 sockets. Our charging infrastructure will likely need to support a variety of EV makes and models and potentially different types of connectors and charging modes. GMFRS are seeking quotations for both 'Fast' 22kW (Type 2 socket) charge points and 'Rapid' 50kW to 62.5kW DC 43kW to 44kW AC charge points. These charging points must be aligned to the CHAdeMO or CCS charging standards.

Alongside the provision and installation of charging infrastructure, we require a maintenance arrangement to include planned preventative maintenance, emergency response and reactive maintenance, a charge point management systems to track charging consumption and patterns, automated invoicing and end user support.
