Travelling Exhibition

Reference number

O5T6-P1-22.01

II.1.2) Main CPV code

- 79956000 - Fair and exhibition organisation services

II.1.3) Type of contract

Services

II.1.4) Short description

Zero Waste Scotland requires a supplier to deliver a tour around Scotland to drive awareness and engagement with the Circular Economy Bill consultation. Edinburgh Science have previously developed an exhibition, CONSUMED, which focuses on the issue of tackling over consumption to reduce the impact on the planet's limited resources and climate change and is ideally suited to this purpose. The exhibition seeks to drive awareness of the issue and how citizens in Scotland, and the world, can tackle it through circular living. Edinburgh Science will use their existing assets for the exhibition and add additional messaging from Zero Waste Scotland on the topic of consumption, the circular economy and the forthcoming CE Bill. The tour will take place during the consultation period (July/Aug) to drive engagement in the consultation. Edinburgh Science colleagues will manage all logistics and event requirements. The Edinburgh Science team will provide additional communications resource in the form of spokespeople on behalf of Zero Waste Scotland to provide citizens attending the exhibition with core information about overconsumption, the circular economy and the CE Bill consultation. The immediate availability of a suitable exhibition resources from Edinburgh Science allow the consultation to be supported through this direct award to Edinburgh Science.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £169,761

II.2) Description

Price

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
 - protection of exclusive rights, including intellectual property rights

Explanation:

Zero Waste Scotland intends to mount a travelling exhibition to five of Scotland's cities to support the consultation process for the Circular Economy Bill. The Edinburgh Science Foundation has previously curated a suitable exhibition, CONSUMED, which can be made available for Zero Waste Scotland's purposes. The grounds for awarding contract without a prior call for competition are that: (1) Competition is absent for technical reasons (The Edinburgh Science exhibition already exists; No other potential tenderer could create an exhibition from scratch in the required timescale; The additional costs for another potential tenderer to create a new exhibition from scratch do not represent value for money). (2) No other supplier could provide the Edinburgh Science exhibition to Zero Waste Scotland, due to the Edinburgh Science Foundation's ownership of IPR in relation to the exhibition. (3) The circumstances (that no reasonable alternative or substitute exists and the absence of competition) have not arisen because of an artificial narrowing of the procurement parameters for the project on behalf of Zero Waste Scotland.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure
