Bidders will be required to advise if they intend to subcontract any share of the contract to third parties and to list any subcontractors that they propose to use.

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

Bidders are required to provide a certificate from the registrar of companies stating that he is certified as incorporated or registered or, where he is not so certified, a certificate stating that the person concerned has declared on oath that he is engaged in the profession in a specific place under a given business name (SPD - Q4A.1)

III.1.2) Economic and financial standing

List and brief description of selection criteria

It is a requirement of this contract that bidders hold, or can commit to obtain prior to the commencement of any subsequently awarded contract, the types and levels of insurance indicated below (SPD - Q4B.5.1)

The Council will use an independent credit scoring organisation, namely Creditsafe, to conduct appropriate financial probity checks. To minimise risk of failure, the desired risk score should not be below 30 (moderate risk). The Council will take a view on the risk to the Council should the winning bidder credit rating fall below this and may involve further detailed financial checking/assessment. This may result in your tender being rejected (SPD - Q4B.6)

Minimum level(s) of standards possibly required

Insurance requirements:

Employers (Compulsory) Liability Insurance minimum of GBP5m in respect of each claim, without limit to number of claims and to comply with all relevant statutory requirements.

Public Liability Insurance minimum of GBP5m in respect of each claim, without limit to number of claims and to comply with all relevant statutory requirements.

Third Party Motor Vehicle Liability of not less than GBP20m in respect of each claim, without limit to number of claims and to comply with all relevant statutory requirements.

The Council will take a view on the risk to the Council should the winning bidder credit rating fall below this and may involve further detailed financial checking/assessment. This may result in your tender being rejected.

III.1.3) Technical and professional ability

List and brief description of selection criteria

Bidders will be required to provide 3 examples that demonstrate that they have relevant experience to deliver the service as described in Appendix 1 Statement of Requirements of the ITT (SPD - Q4C1.2)

Bidders will be required to demonstrate that they have (or have access to) the relevant plant or technical equipment to deliver the requirements detailed in II.2.4 of the Contract Notice and Appendix 1 of the ITT (SPD - Q4C.9).

Bidders will be required to confirm whether they intend to subcontract and, if so, for what proportion of the contract (SPD - Q4C.10).

The bidder must have the following:

- A documented process for ensuring that quality management is effective in reducing/preventing incidents of sub-standard delivery. This must include the quality of output and general performance. The bidder must be able to provide copies of their organisation's documentation procedures that meet current agreed good practice. These must include the arrangements for quality management throughout the bidder's organisation. They must set out how the bidder's organisation will carry out its policy, with a clear indication of how the arrangements are communicated to the workforce.
- Documented arrangements for providing the bidder's workforce with quality related training and information appropriate to the type of work for which this organisation is likely to bid. This will demonstrate that the organisation has in place, and implements, training arrangements to ensure that its workforce has sufficient skills and understanding to discharge their various responsibilities. These must include a programme of training that will keep the workforce up to date with required knowledge about quality related issues, including copies of job profiles; training manuals and records.
- A documented process demonstrating how the bidder deals with complaints. The bidder must be able to provide details of how their organisation maintains records of any complaints received and how corrective measures are carried out to prevent reoccurrence.

Health and Safety Procedures:

- The bidder must have a regularly reviewed and documented policy for Health and Safety (H&S) management, endorsed by the Chief Executive Officer, or equivalent. The policy must be relevant to the nature and scale of the work and set out responsibilities for H&S management at all levels within the organisation. The policy must be relevant to the

nature and scale of your operations and set out your company's responsibilities of health and safety management and compliance with legislation.

- Documented arrangements for carrying out risk assessments capable of supporting safe methods of work and reliable contract delivery where necessary. This must demonstrate that the bidder has in place, and implements, procedures for carrying out risk assessments and for developing and implementing safe systems of work ("method statements") and be able to provide relevant indicative examples. The identification and control of any significant occupational health issues must be prominent.

(SPD 4D.1)

The bidder must have the following:

- Documented arrangements for checking, reviewing and where necessary improving, the bidder's environmental management performance and the environmental impact of this organisation, demonstrating that it has in place, and implements, training arrangements to ensure that its workforce has sufficient skills and understanding to carry out their various duties. This should include a programme of refresher training that will keep the workforce updated on relevant legal requirements and good environmental management practice (SPD - Q4D.2)

III.2) Conditions related to the contract

III.2.2) Contract performance conditions

Tenderers must be able to provide an Account Representative, who will be the primary point of contact between the Tenderer & each Council. The Councils will review the performance of the Services from time to time to ensure that they continue to meet the requirements of the Councils. The quality of the Services shall be measured by the extent to which they accord with the standards & timescales included within the Specification & the Response & to accepted professional standards.

Key performance criteria include Cost - ability to conform to the agreed pricing terms and invoice accuracy; Quality – that the contract remains fit for purpose of the Service; Service – ability to comply with the requirements of the provision of services, handling of complaints, along with effective and responsive account management including the provision of on time monthly reporting.
