### **II.1.4) Short description**

This is a rare and exciting opportunity to explore, interrogate, and respond to the vision, ethos, and overall approach for a unique and innovative new museum for Birmingham that is being developed by Birmingham Museums Trust, supported by Birmingham City Council and Science Museum Group.

A Masterplanner is required as part of a wider team to deliver a feasibility study that researches and develops the site options, function, and business model for the development of a new museum for Birmingham, as a potential partnership between Birmingham City Council (BCC), Birmingham Museums Trust (BMT) and the Science Museum Group (SMG).

A "launch" event will be held on 24th August 2021 at 12:30pm via Zoom where we will give a briefing on the project and provide space for Q&A. If you wish to attend, please register your interest at [londonenquiries@focus-consultants.com](mailto:londonenquiries@focus-consultants.com). If you wish to receive the recording after the event, please likewise email the same address.

### **II.2.4) Description of the procurement**

Overall Feasibility Study Deliverables

The feasibility study will:

1. Articulate the vision and audience manifesto for a museum that seeks to address a new model in mass participation.
2. Set out the objectives, function and purpose of the museum and other manifestation of audience-centered engagement with science and industry and wider subjects (see Vision).
3. Develop a clear brief of requirements for the new museum and its development, that is audience centered.
4. Establish the business case and governance framework in which to develop, deliver, and operate the new offer, helping BMT, SMG, and BCC explore potential partnership models.
5. Identify and test locations for new physical space(s) and preferred option(s), considering both new build and the repurposing of an existing site.
6. Develop indicative costs and programme for delivery (inc. operational model and costs) for the new museum.
7. Provide a package of information, including visuals, to enable advocacy of the project with stakeholders and potential funders.
8. Provide the necessary information to determine a way forward, identifying the next steps to enable the development to progress.

This procurement process is for the role of the Masterplanner to deliver the above. It will be specifically responsible for deliverables 3, 5, and 7, with input and feeding into the other deliverables, responsible to others.
