This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKD3 - Greater Manchester

II.2.4) Description of the procurement

Objectives:

- To enable the Trust to meet its statutory and non-statutory obligations, including related legislation, for the safeuse of ionising and non-ionising radiation.
- To improve the quality and effectiveness of radiation usage as part of medical audit and to check that doses areAs Low As Reasonably Achievable (ALARA).

- To advance and keep abreast of the scientific developments in radiation protection, radiotherapy and imagingphysics and keep the Trust so informed.
- To improve the efficiency of associated record keeping and document management systems.
- To respond to radiation incidents in a timely and efficient manner.
- To monitor personnel radiation doses and to investigate any causes for concern in a timely manner.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

36

This contract is subject to renewal
