Description

JNCC is a delivery partner for the Ocean Country Partnership Programme (OCP), a UK government-led programme under the Blue Planet Programme. More information on the OCP can be found here: <https://www.gov.uk/government/publications/blue-planet-fund/ocean-country-partnership-programme-ocpp>.

Through OCP we aim to support countries to strengthen marine science expertise, develop science-based policy and management tools and create educational resources for coastal communities.

This contract requires a designer to create engaging public facing communication materials (posters and leaflets) to highlight key outputs from Protected Area Management

Effectiveness (PAME) evaluations for three MPAs in Sri Lanka. The evaluation results provide valuable information on protected habitats and species, key management successes and recommendations to improve management effectiveness for each MPA.

For more information on this project and how to apply, potential bidders are invited to download the ITT zip folder attached to this advert.

Total value (estimated)

- £20,000 excluding VAT
- £24,000 including VAT

Below the relevant threshold
