Tender

Clewer Green First School - Cold water Service upgrade

WINDSOR LEARNING PARTNERSHIP

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-019809

Procurement identifier (OCID): ocids-h6vhtk-050f09

Published 8 May 2025, 3:47pm

Scope

Description

Project Outline

Upgrading the existing water services to comply with all legislation and omit present legionella issues. Remove the inaccessible cold water storage tanks. Put the cold-water feeds on mains supply. Renew the ceiling, lights and flooring after gaining access to remove the old tanks

The existing water service installations related to the original parts of the Victorian school building are in poor condition, they are life expired. There are issues with Legionella compliance which cannot be readily resolved due to the health and safety implications with both inspecting, maintaining and servicing the water storage installations as demonstrates in photos below.

The Main Cold-Water services require replacing as the existing water services installations and cold-water storage provisions provided are life expired and do not meet current compliance and regulations in respect to Legionella control and management.

Total value (estimated)

- £130,000 excluding VAT
- £156,000 including VAT

Below the relevant threshold

Contract dates (estimated)

- 28 July 2025 to 22 August 2025
