- No tenders or no suitable tenders/requests to participate in response to restricted procedure

Explanation:

Explanation:

Justification for the direct award under Regulation 32(2) A.

WECA have to directly awarded a contract to E.ON Energy Solutions Limited for the services

It is doing so for the following reasons:

1.For the Dorset LEP Area. The initial open procedure procurement exercise linked to notice

FTS number 2021/S 000-004760 – dated 09/03/21 generated no tender submissions.

2.WECA is of the view, acting in good faith, that the intended contract award is made in

compliance with Regulation 32(2)(a) as the initial contract conditions will not be

substantially altered. The key contract terms (payment model, liability levels, indemnity

levels) remain unaltered. Delivery time frames (i.e end of December 2021) remain unaltered.

3.Despite not being explicitly required to do so by Regulation 32, WECA has sought to apply

the same selection criteria as used in the initial procurement to the intended contractor for

the purposes of fairness and transparency. However it has applied a more proportional

approach to Public Liability insurance, requiring a baseline of £5m rising to a maximum of £25m when high risk installations are identified.
