## II.2.4) Description of the procurement

The Lambeth Schools' Consortium (The Consortium) currently comprises 32 Primary Schools located in the London borough of Lambeth and was formed in 2014 following the council's decision to delegate the centrally managed school meal service to schools. Since this time the school meal service has been outsourced and The Consortium now wishes to participate in a tender process in accordance with the Public Contracts Regulations 2015 for a further contract to supply its centrally managed outsourced school meals service.

### Basis of Contract

- The contract will commence in September 2025 and will be for an initial period of 5 years.
- The contract may be extended by 2 further years, making a total maximum fixed term of 7 years.
- London Living Wage is adopted by all participating schools
- The contract will be awarded to a single supplier.
- The estimated turnover is circa £10.5 million over the initial 5-year period.

### Objectives

The appointed Supplier will have significant experience of delivering quality catering services within Primary schools and should have proven expertise of successfully increasing pupil meal uptake across group contracts together with a compelling attitude towards making the lunchtime service appealing, healthy and educational for children.

Coupled with the familiarity and practice of successfully managing a large workforce, the Supplier should ideally have a strong operational base in London and able to leverage sufficient resources to ensure the required level of service is constantly maintained. Within the Consortium there are a small number of 'Special Educational Needs and Disability Schools' which require a more tailored menu offer together with a number of schools without kitchens (Dining Centres) that have their meals produced from a nominated school (Production Kitchens) within The Consortium. It will be imperative that bidders are able to provide these services and can provide the necessary transportation of meals either direct or via a third party between the nominated Production Kitchens and associated Dining Centres.

Ultimately, it is important that the Supplier can demonstrate a proven ability to manage a well-organised and efficient catering service that continually strives to offer 'best value' to

each participating school.
