Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Replacement of current fleet of trucks / specialist vehicles

II.1.2) Main CPV code

- 34000000 - Transport equipment and auxiliary products to transportation

II.1.3) Type of contract

Supplies

II.1.4) Short description

Tender Description:

This notice is seeking expressions of interest for the establishment of a Framework Agreement for the replacement of the current fleet of trucks / specialist vehicles during 2025-2030.

This framework agreement is envisaged to be the primary route for selecting suppliers for the replacement of the selected trucks / specialist vehicles for the duration of the agreement.

Any estimated quantities or values contained or referred to in this or other documentation are for guidance only and do not bind Yorkshire Water Services (referenced 'YWS' herein) to buy any specific quantities should the bidder be successful and enter into an Agreement.

Successful suppliers will work alongside YWS to provide the replacement of existing trucks / specialist vehicles which are split into different lots reflecting each vehicle category. This activity represents a key initiative for YWS to meet its 2030 sustainability targets.

This procurement intends to place a framework agreement for a five-year initial term with the potential to extend for up to additional 2 years (5 + 2, with a total estimated value (excluding VAT) of £50,000,000 GBP over the 7 years. The annual estimated value is around £7,142,857 GBP. Securing a framework agreement does not grant suppliers any guarantee of work but will enable the supplier to bid for individual pieces of work over the next 5 to 7 years.

For the avoidance of doubt, suppliers DO NOT need to deliver vehicles in all lots to submit a response to this tender.

For each lot there is an option to provide a quote for any / all the following fuel options: Diesel, Bio-CNG, electric, hybrid and hydrogen.

It is key that suppliers include all cost components such as chassis cost, body cost, infrastructure cost (in case of EV vehicles), maintenance and in the case of new bodies, the cost of employee training and operation downtime.

Procurement Process:

1) An expression of interest (EOI) to participate must be submitted via email to Pedro Martins and Constantine Metcalf (pedro.martins@yorkshirewater.co.uk / constantine.metcalf@yorkshirewater.co.uk).

2) A Selection Questionnaire (SQ) for pre-qualification will be issued to the bidders upon a receipt of an EOI.

Bidders will need to provide evidence of their capabilities among other qualitative questions. YWS might conduct reference checks with the relevant stakeholders. Scoring criteria for each of the SQ questions will be shared alongside the questionnaire. Bidders that do not meet the minimum criteria, will be excluded from the process at this stage.

3) An Invitation To Tender (ITT) will follow. YWS will evaluate suppliers for each lot they intend to bid for from a qualitative and commercial perspective. To foster competition and to have better service coverage YWS reserves the right to have the framework agreement with a manageable number of companies covering each lot which will form the scope of the tender. Overall scoring criteria will be shared alongside the procurement documentation.

Award Criteria:

Work within the framework will be awarded based on mini competition within a sub-set of the framework suppliers, defined by the qualifications that best fit with the specific lot being competed. Bidders that haven't qualified for a specific lot will not be considered in the mini competitions concerning that specific lot.

YWS unconditionally reserves the right to suspend and/or cancel this procurement process at any point at its sole discretion and without any liability.

YWS unconditionally reserves the right to cancel, merge, amend any lot, and/or make no award under this procurement process.

If required, YWS unconditionally reserves the right to perform an annual assessment on each specialist lot scope and its suppliers with the objective of re-qualifying suppliers across the lots within the framework, without a requirement to re-tender the framework.

II.1.5) Estimated total value

Value excluding VAT: £50,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

- 50114000 - Repair and maintenance services of trucks

II.2.3) Place of performance

NUTS codes

- UKE - Yorkshire and the Humber

II.2.4) Description of the procurement

Lot 15 encompasses the provision of comprehensive service, maintenance, and repair solutions for the fleet of trucks related to this tender. It is dedicated to ensuring the efficient operation and longevity of the trucks throughout their lifecycle. The services offered under this lot include routine maintenance, inspections, diagnostics, repairs, and any necessary replacements of parts or components.

Suppliers interested in Lot 15 should have expertise in servicing and maintaining a wide range of trucks. They should possess the necessary technical knowledge, skilled technicians, and access to genuine spare parts to ensure high-quality repairs and maintenance. Additionally, suppliers should be able to promptly respond to service requests and provide efficient turnaround times to minimize downtime for the trucks.

The scope of services may include, but is not limited to:

Regular maintenance tasks such as oil changes, filter replacements, and fluid checks

Inspection and servicing of brakes, suspension, steering, and electrical systems

Engine diagnostics and repairs

Transmission and drivetrain maintenance

Bodywork repairs and repainting, if required

Tire replacement and alignment

Exhaust system inspections and repairs

Emergency repairs and breakdown assistance

Provision of necessary tools, equipment, and specialized software for diagnostics and repairs

Suppliers bidding for Lot 15 should provide a detailed breakdown of the services they offer, their experience in truck maintenance and repairs, the qualifications of their technicians, and their track record in delivering reliable and efficient service.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

Yes

Description of renewals

This contract is valid for an initial period of 60 months, followed by an optional renewal in 24 month increments up to a total term of 84 months, at YWS discretion.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure with prior call for competition

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

10 August 2023

Local time

5:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.2) Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted

Electronic payment will be used

VI.3) Additional information

The contracting authority reserves the right to cancel the procurement and not to proceed with the award of any contract at any stage of the procurement process and/or to award only part or parts of any contract. Save for any mandatory periods, the timescales indicated in this notice are indicative and the contracting authority reserves the right to amend the same.

VI.4) Procedures for review
