- Cycle Parking & Infrastructure - This will cover scope for the purchase, hire, installation and maintenance of cycle parking infrastructure.

- Cycle Hire - For the hire and repair of bikes including E-Bikes from local and national suppliers.

- Low Carbon Logistics - Delivery service over short distances using zero/low emission forms of transport.

Zero Carbon Transport

- Electric Vehicle Charging Points - This will provide scope for the supply, installation, maintenance and consultancy of EVC Points.

- Induction Charging - This will offer scope for the supply, installation and maintenance of induction chargers.

- Hydrogen Refuelling - This will provide services for the supply, installation and maintenance of hydrogen refuelling areas.

- Independent Connection Providers - For the provision of services around new electrical installations and changes to existing supply.

- Solar Canopies/Car Ports - For the supply, installation and maintenance of solar canopies to be used for the generation of electricity.

Public Transport

- Ride Sharing Apps - The provision of apps or other platforms which facilitate car sharing between users in a safe and secure manner.

- Park & Ride - The provision of the design, operation and management of park & ride services.

Consultancy

- Sustainable Travel Consultancy - Providing a range of consultancy services relating to sustainable travel.

- Travel Survey Data Platforms - Platforms & software tools for travel data surveys and commuter emissions measurement
