Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

National Digital Tobacco Treatment Services

II.1.2) Main CPV code

- 85100000 - Health services

II.1.3) Type of contract

Services

II.1.4) Short description

A national digital tobacco dependency service that will provide adult smokers (aged 18 years and older) in England access to one or more digital tobacco dependency application(s) (apps). The service will be provided as a choice alongside other existing tobacco dependency treatment options, where available. The aim of the service is to increase the overall available national capacity to treat the 5.6 million adults in England that are smokers, and to improve choice of treatment option through the provision of a service that can be accessed by the service user without the need to travel at a time and location that suits them.

II.1.5) Estimated total value

Value excluding VAT: £25,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

This notice is to give potential bidders notification that NHSE intends to publish notices in

Contracts Finder and Find a Tender Service in relation to the below. The estimated publication will be 20th July 2023 via an Open procedure.

A national digital tobacco dependency service that will provide adult smokers (aged 18 years and older) in England access to one or more digital tobacco dependency application(s) (apps). The service will be provided as a choice alongside other existing tobacco dependency treatment options, where available. The aim of the service is to increase the overall available national capacity to treat the 5.6 million adults in England that are smokers, and to improve choice of treatment option through the provision of a service that can be accessed by the service user without the need to travel at a time and location that suits them.
