Services

II.1.4) Short description

Provision of temporary staff bank framework for NHS North Central London trusts.

II.1.5) Estimated total value

Value excluding VAT: £13,630,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKI - London

II.2.4) Description of the procurement

There is currently a variety of approaches to provision temporary staffing services across North Central London (NCL), with a mix of outsourced and in-sourced provision. There is a growing body of evidence to suggest that temporary staffing services could be operated more efficiently and effectively, if they were larger in scale.

The current single supplier framework, which services half the providers in NCL, is due to end on 25th May 2023. This provides an opportunity to review the operating model for temporary staffing across the ICS.

NCL ICS have a joint vision to create a shared solution for temporary workers, further details of which will be set out in the procurement documents. An agreed priority across London is to maximise the use of trust banks and establish collaboration between trusts to enable flexible workers to work across multiple organisations. A new solution would enable all participating trusts to secure the quality, sustainability and financial benefits from scale of economies and critical mass, whilst ensuring they have a temporary staffing solution that meets the needs of each trust.

The framework resulting from this procurement activity is for the benefit of NHS Trusts and other NHS bodies within the North Central London (NCL ICS) footprint. See detailed list below. The Framework will be for the provision of a Managed Service.

Organisations within the NCL ICS are:

University College London Hospital NHS Foundation Trust (UCLH)

The Royal Free London NHS Foundation Trust (including Barnet and Chase Farm)

North Middlesex University Hospital NHS Trust (NMUH)

The Whittington Health NHS Trust (including community services)

Royal National Orthopaedic Hospital NHS Trust (RNOH)

Barnet, Enfield and Haringey Mental Health NHS Trust (BEH)

Camden and Islington NHS Foundation Trust (Mental Health) (C&I)

Moorfields Eye Hospital NHS Foundation Trust (MEH)

Great Ormond Street Hospital for Children NHS Foundation Trust (GOSH)

The Tavistock and Portman NHS Foundation Trust

II.3) Estimated date of publication of contract notice

24 August 2022

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
