#### **II.1.4) Short description**

The purpose of this procurement exercise is to award a framework for the supply of fuse cabinets and mini pillars in 2 lots: Lot 1: The design, manufacture and supply of LV distribution fused cabinets. NIE Networks use a range of LV fused equipment associated with LV substations. In general they are in association with other plant such as Transformer and 11kV Switchgear. These are used for both new and retrofit installations and can also be used outdoors as package substation equipment to retrofit to existing outdoor equipment or more often within a fabricated steel shell as a new package substation with a Ring Main Unit and Transformer Lot 2: The design, manufacture and supply of sectionalising pillars. Section pillars (Mini pillars) are for use on new build and retrofit to existing systems. These allow for

positioning of normally open points and resupply options on the LV network in Northern Ireland.
