The AWARD of a contract for the Detailed Design, Manufacture, Installation, Commissioning and Maintenance of a Bioaerosol Chamber at the University of Leeds

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

The University of Leeds, School of Civil Engineering requires construction of a custom-built environmental test chamber for bioaerosol research activities. The research activities carried out within the chamber will include deliberate aerosolisation of biological agents of up to Hazard Group 2 (ref. Approved List of Biological Agents produced by the Advisory Committee on Dangerous Pathogens (ACDP) on behalf of the HSE). In order to permit fumigation the chamber will be designed to comply with the requirements for Containment Level 3 (CL3) as specified in HSE publication 'Management and operation of microbiological containment laboratories 2018'. Because of the unique specification of the chamber and the complexity of the project, the University intends to enter into a contract with Sanber Limited who have recognised experience in the field.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract/concession

Contract No

202223 2007

Title
