Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Air Quality Monitoring Sensor Network

Reference number

DN603360

II.1.2) Main CPV code

- 90700000 - Environmental services

II.1.3) Type of contract

Services

II.1.4) Short description

The London Borough of Hounslow Climate Emergency and Environmental Strategy team is looking to procure equipment, servicing, maintenance support and data management services to establish a new network of 'low-cost' automatic air quality sensors throughout the borough

II.1.5) Estimated total value

Value excluding VAT: £200,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKI75 - Hounslow and Richmond upon Thames

II.2.4) Description of the procurement

The London Borough of Hounslow Climate Emergency and Environmental Strategy team

is looking to procure equipment, servicing, maintenance support and data management services to establish a new network of 'low-cost' automatic air quality sensors throughout the borough

The Climate Emergency and Environmental Strategy Team is responsible for delivery and reporting of the council's Clean Air for All Programme which includes the Air Quality Action Plan and associated Climate Emergency Action Plan. Reliable, high quality monitoring data is key to our ambitions and this new network will supplement an existing network of automatic reference sites and nitrogen dioxide diffusion tube monitoring.

The provider will supply equipment capable of monitoring pollutants including, but not limited to, nitrogen dioxide and particulate matter. This equipment may be provided on a hire/lease basis, with an option to purchase the equipment at the end of the specified contract period. The provider will offer technical support and expertise pertaining to the management, servicing and maintenance of equipment, identification of faults and independent audits as required, as well as any necessary consumables.

Additionally, the provider will provide data monitoring and management services to the council including the collection, processing (including quality assurance and quality control), ratification and storage of data from air quality monitors. They will also publish/disseminate the data such that it is accessible to council officers and to members of the public, as regular reports and as raw datasets.

For the full specification please refer to the specification contained within the invitation to tender document

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £200,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

24

This contract is subject to renewal

Yes

Description of renewals

one (1) year + one (1) year + one (1) year

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure
