II.1.4) Short description

NHS England requires a supplier to apply for a major (type II) MHRA Marketing Authorisation variation for spironolactone. The variation is to add a new indication to the current licence (marketing authorisation) for treating acne in women. The Successful Supplier would need to prepare a dossier for the MHRA including a Risk Management Plan, apply for the licence variation, and if granted update their licence, Summary of Product Characteristics and patient information leaflet with the new indication and related data.
