AMP8 Wastewater Networks

Reference number

DCWW1877

II.1.2) Main CPV code

- 45231300 - Construction work for water and sewage pipelines

II.1.3) Type of contract

Works

II.1.4) Short description

Dŵr Cymru Cyfyngedig (DCC) Welsh Water intends to initiate a tender process to secure delivery of Wastewater Networks associated works from November 2025 for up to 8 years. DCC is currently reviewing the precise structure, and nature of works to be undertaken, to both enhance, maintain and extend its current wastewater network assets.

This PIN is issued to launch a market engagement exercise before DCC publish its contract notice which is currently expected to be later this year. The objective of this market engagement is to test our approach and assess its alignment to the market offering, to help DCC prepare for procurement. It is not itself a call for tender or a pre-qualification exercise.

The main areas of works are split into 4 separate Lots as follows:

Lot 1 North Wales Wastewater Network Repair & Maintenance & Network Operating Services

The Services to include but not limited to the following:

- Wastewater network apparatus repair and maintenance.
- 24/7 standby service.
- Planning and scheduling provision.
- On-site investigation works.
- Sewer rehabilitation
- Working on or near pressurised pipelines.
- Wastewater network operating services.

- Cyclic desilting activity.
- CCTV investigation.
- Response to flooding and pollution incidents.
- Maintenance and minor repairs of mechanical screens.

Lot 2 - Hereford, Powys & Gwent Wastewater Network Operating Services

The Services to include but not limited to the following:

- Wastewater network operating services.
- 24/7 standby service.
- Planning and scheduling provision.
- Cyclic desilting.
- CCTV investigation.
- Response to flooding and pollution incidents.
- Maintenance and minor repairs of mechanical screens.
- Minor sewer rehabilitation.

Lot 3 – Southwest, Swansea, Valleys & Cardiff Wastewater Network Operating Services

The Services to include but not limited to the following:

- Wastewater network operating services.
- 24/7 standby service.
- Planning and scheduling provision.
- Cyclic desilting.
- CCTV investigation.
- Response to flooding and pollution incidents.

- Maintenance and minor repairs of mechanical screens.
- Minor sewer rehabilitation.

Lot 4 - South Wales, Hereford & Powys - Repair and Maintenance

The Services to include but not limited to the following:

- Wastewater network apparatus repair and maintenance.
- 24/7 standby service.
- Planning and scheduling provision.
- On-site investigation works.
- Sewer rehabilitation
- Working on or near pressurised pipelines.
- Maintenance & Minor repairs of mechanical screens.

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section VI. Complementary information

VI.3) Additional information

This Periodic Indicative Notice (PIN) does not constitute a call for competition to procure any works or repair services. This notice is issued solely for the purpose of undertaking market engagement to gauge capability and interest in the market to assist in our decision making prior to the commencement of the procurement process. Parties will not be prejudiced by any response or failure to respond to this request and a response to this PIN does not guarantee any invitation to participate in this event or any future procurement.

If you have experience of any of the works as described above, we invite you to participate in our market engagement process by registering your interest via the emails below by 17:00pm on Friday 19th July 2024.

Joanna.Bryant@dwrcymru.com / Amanda.Edwards@dwrcymru.com

In response to enquiries, we will provide a copy of our Information Memorandum which includes further details on our programme opportunities and a short questionnaire which we will ask you to complete and return to us. DCC may contact organisations who have submitted fully completed questionnaires to arrange one-to-one meetings in July, the timings of which will be mutually agreed.

Please note, whilst information in this PIN and Information Memorandum describes DCC's current view of how it is minded to proceed. Interested parties should note that the positions set out in this PIN, and any content within the Information Memorandum remain subject to change and will not necessarily reflect the position as at the issue of the Contract Notice. All responses will be carefully considered but will not bind DCC to any specific approach to procurement, nor will responses be treated as conveying any promise or commitment on the part of the respondent.
