II.1.4) Short description

The Service to be provided by the Provider is the provision of a Housing Support Service, primarily for

people who are homeless or threatened with homelessness.

The Council is seeking to appoint one or more Providers to deliver these contracts:

Lot 1 – Contract for Housing Support Services for Young Homeless Adults. This service will be delivered at two locations of 31 Argyle Street, Paisley PA1 2ES and Bruce Court, 43-45 Dundonald Road, Paisley PA3 4NB. The property at Argyle Street is owned by Paisley South Housing Association and the property at Bruce Court is owned by the Council. The budget for this service will be 281,057 GBP per annum.

Lot 2 – Contract for Housing Support Services for Single Homeless People and Families. This service will be delivered at two locations of 94 Paisley Road, Renfrew PA4 8HD and 5 Victoria Drive East, Renfrew PA4 8EZ. Both properties are owned by Williamsburgh Housing Association. The budget for this service will be 174,066 GBP per annum.

The Provider(s) will also provide or make partnering arrangements with another organisation to provide a Housing Management Service for the accommodation at specific Premises and where applicable will enter into such associated lease arrangements with the owner landlord of the Premises as may be necessary for this purpose.

The Housing Management Service does not form part of this Contract but is required to be delivered in conjunction with the Service. Tenderers can determine whether they will provide this service, or whether they will contract with another organisation to provide this service. How this related Housing Management Service is provided will directly impact upon Council budgets for the provision of homeless services and the amount of

government funding available to support these services.

The Council looks to maximise the monies available to better assist more Service Users. The specific Premises to support the Housing Support Service must be Specified Accommodation as defined by Law.

The manner in which the Provider makes formal arrangements for the lease of the Premises will directly impact upon the Council and may result in higher costs to the Council. In respect of any subsidy shortfall however, while the Council cannot mandate how a Provider arranges their commercial business, the Council seeks to maximise the funds available to it to provide appropriate services and to allow maximum recovery, by the Council from the UK Government, of Housing Benefit paid for Service Users assessed as needing Housing Support Services. To assist the Council to maximise recovery of funds Tenderers would require to arrange that they are either (1) a Housing Association, a relevant body in accordance with Regulation 75H of the Housing Benefit Regulations 2006 as amended and enter into the occupancy arrangement (lease between themselves and the Service Users) or alternatively (2) contract with a third party who is a Housing Association and they would enter into lease arrangements with the Service Users and make separate contractual arrangements directly with the Tenderer. Tenderers should be aware that Charities are also relevant bodies for the purpose of the Housing Benefit Regulations 2006, however arrangements made with a Charity would require to be referred to the Rent Officer who would set the amount recoverable, whereas Housing Association arrangements are not subject to this form of review which allows for greater recovery by the Council.

VI.3) Additional information

Full details of the exclusion and assessment criteria are detailed within the SPD and Invitation to Tender.

Tenderers are required to:

Complete the SPD to be concluded for the Contract.

Complete a SPD by sub-contractors to be concluded for the Contract.

Tenderers must provide its ("general") yearly turnover for the last 2 financial years.

The Council will use Dun & Bradstreet (D&B) to assist in its determination of the organisation's financial status and risk. The Council would expect Tenderers to have a minimum D&B Failure Score of 20%, however failure to meet this Failure Score would not necessarily merit a 'FAIL' as the D&B Failure Score is only one factor used by the Council in assessing the acceptability or otherwise of a Tenderer's financial status.

The Council will take into account the Tenderer's response to the SPD Part 1V Question 4B.1.1. Further information is contained within the Tender Documents.

Comply with the Service Specification;

Comply with the General Conditions of Contract and Special Conditions of Contract;

Confirm if managerial staff and those delivering the service are registered with the SSSC;

Confirm staff have been PVG checked.

The contract may be modified in accordance with Regulation 72 of the Public Contracts (Scotland) Regulations 2015.

The manner in which the Provider makes formal arrangements for the lease of the Premises will directly impact upon the Council and may result in higher costs to the Council. In respect of any subsidy shortfall however, while the Council cannot mandate how a Provider arranges their commercial business, the Council seeks to maximise the funds available to it to provide appropriate services and to allow maximum recovery, by the Council from the UK Government, of Housing Benefit paid for Service Users assessed as needing Housing Support Services.

To assist the Council to maximise recovery of funds Tenderers would require to arrange that they are either (1) a Housing Association, a relevant body in accordance with Regulation 75H of the Housing Benefit Regulations 2006 as amended and enter into the occupancy arrangement (lease between themselves and the Service Users) or alternatively (2) contract with a third party who is a Housing Association and they would enter into lease arrangements with the Service Users and make separate contractual arrangements directly with the Tenderer. Tenderers should be aware, that Charities are also relevant bodies for the purpose of the Housing Benefit Regulations 2006, however arrangements made with a Charity would require to be referred to the Rent Officer who would set the amount recoverable, whereas Housing Association arrangements are not subject to this form of review which allows for greater recovery by the Council.

Where the Tenderer chooses an alternative delivery model, which would reduce the subsidy recoverable by the Council in respect of the Housing Benefit paid in support of the Service Users, then the Council will add these additional costs to the Tenderer price submitted to reflect the full cost to the Council.

The buyer is using PCS-Tender to conduct this ITT exercise. The Project code is 24498. For more information see:
