Tender

Tankering Services

ANGLIAN WATER SERVICES LIMITED

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-020258

Procurement identifier (OCID): ocds-h6vhtk-05104d ([view related notices](#))

Published 9 May 2025, 8:42pm

Scope

Reference

2025 0063

Description

The provision of tankering services for planned and emergency work plus tankering support during any incidents. This would mean provision of larger numbers of tankers at very short notice. Tankering can be anywhere across the Anglian Water region and an estimated annual spend of approx £16 m. We are also looking for companies who would be happy to collaborate to promote efficiencies. Looking to award to up to 30 companies

Commercial tool

Establishes a framework

Total value (estimated)

- £150,000,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 19 August 2025 to 18 August 2030
- Possible extension to 18 August 2033
- 8 years

Description of possible extension:

Subject to the satisfactory performance of the Supplier(s), Anglian Water may elect at its sole discretion to extend the Agreement(s) in whole or in part by 3 further periods of one year each or for any alternative periods and not expiring later than 8 years from the Effective Date.

Framework lot values may be shared with other lots

Same for all lots

CPV classifications, contract locations and contract dates are shown in the Scope section, because they are the same for all lots.

Framework

Maximum number of suppliers

Unlimited

Maximum percentage fee charged to suppliers

0%

Framework operation description

Suppliers are required to submit their rates for the services outlined in this tender. Each geographical area (Lot) will be evaluated independently.

As part of the pricing submission, suppliers must provide a detailed breakdown of their rates. This should include the proportion of the total rate attributable to key cost components such as labour, fuel, and any other relevant factors. Each component should be expressed as a percentage of the overall rate, to provide transparency and support value-for-money assessments.

Award method when using the framework

Without competition

Contracting authorities that may use the framework

Establishing party only

Procedure

Procedure type

Competitive flexible procedure

Special regime

Utilities

Competitive flexible procedure description

This is a single-stage procurement event in which suppliers will be assessed based on both their capability to deliver the required services and the competitiveness of their commercial proposals.

Suppliers may submit bids for up to four geographical areas. The highest-scoring suppliers in each area will be appointed to the framework. The framework allows for the appointment of up to 30 suppliers across all four lots, with an anticipated minimum of six suppliers per lot.

Framework awards will be contingent upon suppliers meeting all mandatory Pass/Fail criteria, successfully completing risk assessments, and agreeing to the Terms and Conditions of the contract.

As this is a one-stage process, all relevant documentation is available within the tender event, including the Bidder's Guidance Document, which outlines the full procurement process and requirements.
