II.1.4) Short description

Crown Commercial Service, as the Authority, intends to put in place an agreement for the provision of Payment Solutions for use by Central Government and UK public sector bodies.

The lotting structure of this framework will be determined as a result of stakeholder and market engagement.

The proposed requirement will provide for Procurement Card solutions which will enable the purchase of common goods and services across the UK, Europe and worldwide. In addition, Payment Solutions will provide for a prepaid solution for the disbursement of funds to those who may not have access to other means. The solution will look to expand the list of services eg. Project Bank Accounts, if the merits can be demonstrated for the Public Sector.

Further information is included in the Additional Information section VI.3.

The Cyber Essentials scheme is mandatory for Central Government Contracts which involve handling personal information and providing certain ICT products and services. The Government is taking steps to further reduce the levels of cyber security risk in its supply chain through the Cyber Essentials scheme. The scheme defines a set of controls which, when properly implemented, will provide organisations with basic protection from the most prevalent forms of threat coming from the internet.

To participate in this procurement, bidders will be required to demonstrate that they are Cyber Essentials certified for the services under and in connection with the procurement.

The bidder may be awarded a contract but shall not enter into any call off contracts with buyers until they are able to demonstrate to CCS that they meet the technical requirements prescribed by the Cyber Essentials Scheme or evidence of its adherence to PCI DSS for services under and in connection with this procurement.

The service that arise from this framework will involve the supplier holding material that has been assigned a protective marking under the Government Security Classifications Scheme (April 2014) of OFFICIAL/SENSITIVE. Bidders will be required to implement their solution in accordance with the Payment Solutions 2 Schedule, "Security Requirement and Plan", to meet Payment Solutions 2 requirements. This will be released at the ITT stage.

Please note that for this and all new UK procurement opportunities which are launched after 23:00 on 31 December 2020, CCS will be required to publish notices relating to those procurements on the new UK Find a Tender Service (FTS). Notices will not be published on Tenders Electronic Daily (TED)/OJEU.

You are therefore advised to monitor FTS and Contracts Finder for the notification of the release of the ITT documents for this procurement. Further information can be found at <https://www.gov.uk/guidance/public-sector-procurement-from-1-january-2021>
