22-SJM-073 Tribological Testing Equipment

Reference number

22-SJM-073 Tribological Testing Equipment

II.1.2) Main CPV code

- 38970000 - Research, testing and scientific technical simulator

II.1.3) Type of contract

Supplies

II.1.4) Short description

22-SJM-073 Tribological Testing Equipment Tribological testing equipment is needed for teaching, research and projects in the area of advanced materials and manufacturing at the University of Portsmouth. We are looking for a versatile tribometer, with a range of functionalities, that is easy to use. In addition to above suppliers are required to provide options of compatible auxiliary equipment and enhancement products that provide additional functionality and specialist testing environments. This may include additional equipment to allow for specialist testing (high temperature, vacuum, etc.) and/or equipment for surface measurements, characterisation and/or evaluation. All options will be considered in terms of need and all must be priced as options and are subject to budget. To Express an Interest in this project please register on the University of Portsmouth In-Tend webpage and express an interest in this project. Please find the weblink for our webpage below: <https://in-tend.hos>
