II.2.4) Description of the procurement

Essex County Council is seeking to re-commission the Community Rehabilitation Service to secure a provider to deliver a community based intensive rehabilitation programme. However, prospective bidders are advised that the Council will finalise the scope of the forthcoming procurement opportunity following the conclusion of the market engagement stage and reserves the right to amend the scope of this service accordingly. The Council intends to follow the competitive process under the Provider Selection Regime to select a provider.

In 2017, ECC commissioned the Community Rehabilitation Service, which provides community based intensive rehabilitation programmes for adults in Essex with substance misuse issues and supports them into recovery, and ultimately enable them to lead healthy and more fulfilling lives.

The service contributes to a number of commitments within ECC's four-year plan, Everyone's Essex, notably to support healthy lifestyles and level up health. The service has a significant impact on the Council's commitment to promoting health, care and wellbeing for all the parts of our population who need our support, including vulnerable adults, children and families. Essex County Council has also been greatly influenced by the Think Family initiative and has built on this by ensuring that all its commissioned services offer and/or provide support services to whole families where they are affected by someone else's drug and/or alcohol misuse.

The service provided will form the core part of a county-wide health, adult and young people's social care, youth offending, police, probation, prison and independent sector recovery-based response to substance misuse in Essex.

A market engagement event for this service will be held via Microsoft Teams on 11 July

2024 from 3.30pm to 5.00pm. Interested providers must register for this event by 12 pm, 9 July 2024.

The Commissioners of this service will present the scope and objectives of the service and also look forward to gaining providers' insights and feedback on the opportunity. Please be advised that the Council will consider the market feedback from this engagement event to inform the development of the final service model and specification. However, please note that the Council reserves the right to structure the scope of the planned procurement in line with the commissioning and organisational objectives. In addition, please be advised that the Council is not bound to accept any proposals or alternative options which are presented by attendees during or after this market engagement event. Furthermore, please be advised that responding to this market engagement notice does not constitute a formal expression of interest in any future procurement which is conducted in relation to this service.
