List and brief description of selection criteria

The following list provides details of the sections within the Single Procurement Document (Scotland) that must be completed. The SPD (Scotland) is located within the ITT referenced in this Contract Notice.

Bidders will be required to have a minimum “general” yearly turnover of GBP for the last 3 years.

It is a requirement of this contract that bidders hold, or can commit to obtain prior to the commence of any subsequently awarded contract, the types and levels of insurance indicated below:

Professional Risk Indemnity = 5,000,000GBP

Employer’s (Compulsory) Liability Insurance = 5,000,000GBP

Public Liability Insurance = 5,000,000GBP

III.1.3) Technical and professional ability

Minimum level(s) of standards possibly required

Bidders will be required to provide examples that demonstrate that they have the relevant experience to deliver the services/supplies as described in part 2.4 of the Contract Notice.

Contractors will be required to confirm details of the technicians or technical bodies who they can call upon, especially those responsible for quality control.

Contractors will be required to confirm their average annual manpower for the last 3 years.

Contractors will be required to confirm their number of managerial staff for the last 3 years.

Contractors will be required to confirm whether they intend to subcontract and, if so, for what proportion of the contract.

If awarded to the Contract Potential Contractors must provide evidence that tendered products are CE marked, where appropriate. Evidence should be in form of certification issued by a notified body.

Quality Management Procedures:

1. The bidder must hold a UKAS (or equivalent) accredited independent third party certificate of compliance in accordance with BS EN ISO 9001 (or equivalent),

OR

2. The bidder must have the following:

a. A documented policy regarding quality management. The policy must set out responsibilities for quality management demonstrating that the bidder has and continues to implement a quality management policy that is authorised by their Chief Executive, or equivalent, and is periodically reviewed at a senior management level. The policy must be relevant to the nature and scale of the work to be undertaken and

set out responsibilities for quality management throughout the organisation.

b. Documented procedures for periodically reviewing, correcting and improving quality performance including processes for ensuring that the bidder's quality management is effective in reducing/preventing incidents of sub-standard delivery, this must include the quality of output and general performance
