Body governed by public law

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Critical Infrastructure Risk Review (CIRR)

Reference number

C295158

II.1.2) Main CPV code

- 71530000 - Construction consultancy services

II.1.3) Type of contract

Services

II.1.4) Short description

This notice is a call for competition in accordance with Directive 2014/24/EU Article 48(2).

The purpose of this project is to procure a single multi-disciplinary consultancy to complete a Critical Infrastructure Risk Review that consolidates the output from previous and ongoing assessments to inform prioritisation of available capital expenditure in the short to medium term.

II.1.5) Estimated total value

Value excluding VAT: £130,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 71000000 - Architectural, construction, engineering and inspection services

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

Oxford University Hospital, Headley Way, Headington, Oxford OX3 9DU

II.2.4) Description of the procurement

The purpose of this project is to procure a single multi-disciplinary consultancy to complete a Critical Infrastructure Risk Review that consolidates the output from previous and ongoing assessments to inform prioritisation of available capital expenditure in the short to medium term.

The critical disciplines required to deliver this project are: project management, risk assessment, engineering, space utilisation, clinical service knowledge, mechanical, electrical and fire engineering. These skillsets are however not exhaustive to the delivery of the project but experience in clinical settings will be critical.

The NHS Contract terms and conditions for the provision of Services (Contract Version) will be used for this agreement (<https://www.england.nhs.uk/publication/nhs-terms-and-conditions-for-the-procurement-of-non-clinical-goods-and-services/#heading-2>).

II.2.14) Additional information

Requests to participate are to be sent to tracy.githieya@ouh.nhs.uk via email. The Bid submission will be via a procurement platform - Atamis.

The procurement strategy proposed is an Open Procedure to ensure value for money whilst considering the complexity of the disciplines required, particularly an understanding of clinical settings. Although there are NHS recommended frameworks offering multi-disciplinary routes to market, the niche skillsets required for this project limits their pertinence.

The project is estimated to be contracted for a 6-8 months term and there is no current foreseeable requirement to renew this contract.

II.3) Estimated date of publication of contract notice

5 July 2024

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

The estimated publication date of contract notice is beginning of August 2024.
