I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

PMCV 025 - School Vision Screening Service

Reference number

PMCV 025

II.1.2) Main CPV code

- 85100000 - Health services

II.1.3) Type of contract

Services

II.1.4) Short description

The primary aim of the Services is to identify children aged 4 to 5 years with reduced vision in one eye, enabling timely intervention which gives these children a chance at

achieving their full visual potential.

The Services will also identify children with impaired sight in both eyes, children with poorer vision in both eyes are usually identified in infancy through other screening programmes (the Neonatal Infant Physical Examination and the Retinopathy of Prematurity screening programmes), or are detected through their symptoms. The screening for reduced vision in children aged 4 to 5 years is primarily undertaken to detect individuals with amblyopia, which literally means 'blunted sight' but is a form of abnormal vision system development. It is commonly defined as impaired vision that is not attributable to a structural abnormality of the eye. Early detection of amblyopia is necessary to avoid permanent visual impairment by allowing treatment to be undertaken within the sensitive period of neuroplasticity (growth and change) in the visual system.

We intend to award a contract to an existing provider following direct award process C. The Contract will be for 3 year period from 1st August 2024 to 31st July 2027.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £130,073

II.2) Description
