www.networkrail.bravosolution.co.uk

I.6) Main activity

Railway services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

ZF Gearbox All-in-one Agreement

Reference number

29662

II.1.2) Main CPV code

- 50220000 - Repair, maintenance and associated services related to railways and other equipment

II.1.3) Type of contract

Services

II.1.4) Short description

A framework for the overhaul , commissioning, health checks and storage of ZF manufactured gearboxes fitted to 18 on track machines

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £467,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

The service activity is to be carried out largely at the supplier's premises although may be required to attend various Network Rail locations throughout the United Kingdom for inspections.

II.2.4) Description of the procurement

Network Rail own a number of Windhoff Multi-Purpose Vehicles (MPV's) which form part of the Overhead Line Engineering Train (OLET). These machines are operated and maintained in multiple locations all over Network Rail's railway infrastructure. 13 of these MPV's are fitted with MTU Powerpacks with an integrated ZF Ecomat Gearbox.

Network Rail also owns a number of Plasser & Theurer tampers which form part of the directly operated on-track machine (OTM) fleet. These machines are operated and maintained in multiple locations all over Network Rail's railway infrastructure.

Five of these OTMs are tampers that were built by Plasser and Theurer, and have 4WG65 gearboxes supplied by ZF. There are two variants, one with hydraulic final drive and one with a manual dog clutch.

This requirement is for the overhaul , commissioning, health checks and storage of these gearboxes.

II.2.11) Information about options

Options: Yes

Description of options

Option to extend initial 4 year terms by three additional periods of 1 year making the total term 7 years.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The justification for this direct award is that the original manufacturers Vehicle Maintenance Instructions specify annual checks (part of the requirements) to be carried out by ZF service personnel, that overhauls (part of the requirements) shall be in accordance with the original build standards, access to which is limited to ZF personnel and subject to intellectual property restrictions. In addition, the use of OEM components are necessary to support warranty periods and any future claim Network Rail may wish to make. Network Rail considers it not to be value for money and a risk to the business to separate out/disaggregate and tender for other labour and physical storage requirements from the complete work scope for a low value requirement.

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
