Description

Greater Manchester Police (GMP) is intending to procure a contract for Utilities - Gas and Electric, A1173.

The contract will provide the gas and electricity services required across the GMP estate. As utility contracts tend to have specific dates by which to stay "as is" or register for a new scheme with the same provider, GMP periodically reviews the current contract and available alternatives.

The current contract uses a Crown Commercial Services framework for the purchase of gas and electricity, namely the V30 plan. Any new contract will need to allow for the advance purchases that are made through this plan.

As part of the Police Efficiency and Collaboration Programme, Bluelight Commercial (BLC) are currently looking at the category of utility contracts. GMP will consider the

outputs of the BLC review as part of its decision making process.

It is anticipated that the procurement process, including any appropriate market engagement, will commence in quarter 3 of the 2025/2026 financial year.

As a general point of information, any tender/business opportunities for Greater Manchester Police are advertised on our 'Bluelight' Emergency Services eTendering system, Sell2Bluelight, which is also used by other Bluelight organisations.

A new guidance document for Suppliers using Sell2Bluelight (In-Tend) has been created and is available via the below link. This guide will help with registration, how to view and submit tenders, and deal with correspondence.

<https://bluelightcommercial.police.uk/media/2284/sell2bluelight-in-tend-full-supplier-guide.pdf>

Whilst the Contracting Authority is the Greater Manchester Combined Authority, this contract will be tendered and managed by the Greater Manchester Police.

Should you require any further information on this contract please email procurement@gmp.police.uk and include in the header.
