Description

The University of Exeter is undertaking Early Market Engagement in respect to software solutions able to support the capture a Longitudinal Skills Portfolio across the entire Student Learning Journey.~ We are seeking a solution that is flexible enough to adapt to individual student needs, in terms of capturing assessments, feedback, practical experience and other learning initiatives. Enabling each student to manage their own portfolio whilst interacting with relevant tutors and mentors as appropriate. The resultant portfolios should form an essential part of the student's toolkit in seeking future careers by providing an holistic overview of all skills and attainments. The desired Student Skills Portffolio solution should be capable of integrating with Learning Management System (LMS); Moodle, and similarly should be capable of integrating with recognised Curriculum Management Systems. Interested parties should register on the University's eTendering portal to access the Early Market Engagement document. Having reviewed this we kindly suppliers capable of providing suitable Skills Portfolio software to respond the questions

posed and to submit their response to these via the eTendering portal by 17:00hrs BST on the 30th May 2025
