# I.4) Type of the contracting authority

Body governed by public law

# I.5) Main activity

Education

# **Section II: Object**

### II.1) Scope of the procurement

#### II.1.1) Title

Maintenance and Repair of Legacy Building Management System

Reference number

DN544223

#### II.1.2) Main CPV code

• 71314200 - Energy-management services

#### II.1.3) Type of contract

Services

#### II.1.4) Short description

The University has an existing BMS system with specific integration requirements, located at the Medical School site. This links to a system within the adjoining RVI Hospital. This legacy system incorporates a solution provided by Schneider Electric. The University intends to contract the maintenance and repair and some upgrades of this system to Schneider Electric in order to maintain the integrity of the system. Any fundamental changes to the system at this point would be uneconomical and technically complicated, therefore the award is made under Article 32 3(b). A change of supplier would oblige the contracting authority to acquire supplies having different technical characteristics which would result in incompatibility or disproportionate technical difficulties in operation and maintenance.

### II.1.6) Information about lots

This contract is divided into lots: No

## II.1.7) Total value of the procurement (excluding VAT)

Lowest offer: £150,000 / Highest offer: £300,000 taken into consideration

## II.2) Description

#### II.2.2) Additional CPV code(s)

• 71314200 - Energy-management services

#### II.2.3) Place of performance

**NUTS** codes

• UKC22 - Tyneside

### II.2.4) Description of the procurement

The University has an existing BMS system with specific integration requirements, located at the Medical School site. This links to a system within the adjoining RVI Hospital. This legacy system incorporates a solution provided by Schneider Electric. The University intends to contract the maintenance and repair and some upgrades of this system to Schneider Electric in order to maintain the integrity of the system. Any fundamental changes to the system at this point would be uneconomical. Technical changes to the existing BMS system would cause incompatibility and disproportionate technical difficulties in integration with current network.

### II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 60

Price - Weighting: 40

### II.2.11) Information about options

Options: No

### II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

### **Section IV. Procedure**

### IV.1) Description

### IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

Additional deliveries by the original supplier

**Explanation:** 

Article 32, 3(b) applies to this contract, as follows:

Additional deliveries by the original supplier which are intended either as a partial replacement of supplies or installations or as the extension of existing supplies or installations where a change of supplier would oblige the contracting authority to acquire supplies having different technical characteristics which would result in incompatibility or disproportionate technical difficulties in operation and maintenance.

Technical changes to the existing BMS system would cause incompatibility and disproportionate technical difficulties in integration with current network.

### IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

## Section V. Award of contract

#### **Contract No**

DN544223

A contract/lot is awarded: Yes

## V.2) Award of contract

### V.2.1) Date of conclusion of the contract

19 May 2021

### V.2.2) Information about tenders

Number of tenders received: 1

The contract has been awarded to a group of economic operators: No

#### V.2.3) Name and address of the contractor

Schneider Electric Ltd

Stafford Park

Telford

TF33BL

Telephone

+44 8706088608

# Section VI. Complementary information

### VI.4) Procedures for review

#### VI.4.1) Review body

**Newcastle University** 

Newcastle upon Tyne

Country

**United Kingdom** 

#### VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

The University will incorporate a standstill period at the point information on the award of the contract is communicated to tenderers. That notification will provide full information on the award decision. The standstill period, which will be for a minimum of 10 calendar days, provides time for unsuccessful tenderers to challenge the award decision before the contract is entered into.

The Public Contracts Regulations 2015 (SI 2015 No 102) provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland) within 30 days of knowledge or constructive knowledge of breach
