II.1.4) Short description

As part of the GMS, new patient pathways are being identified and developed. The GEP has a role in developing education and training initiatives to underpin delivery of the

service, including informing the content of professional curricula and creating a programme of resources and CPD opportunities to support the upskilling of both the prospective and current workforce in genomics. To achieve these aims the GEP works closely with a number of partners, stakeholder networks and communities of practice who provide expertise and also aid spread and adoption within healthcare.
