VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

There is an amendment required to the framework agreement for the provision of Insourcing / Outsourcing of Clinical, Surgical and Diagnostic Procedures. There is an increase in value in year 4 which exceeds the estimated total value of the framework at point of award.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

Due to the impact of the Covid 19 pandemic, the waiting times for treatment in a hospital setting has increased significantly. As such, there has been a greater reliance on the private sector to increase capacity which has had an impact on the spend that has gone through the framework and has exceeded the original estimated value.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptions and average inflation)

Value excluding VAT: £40,000,000

Total contract value after the modifications

Value excluding VAT: £57,000,000
