VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Secure assessment service continuity and stability beyond the current contracts end date on 31/07/21 extending the Lot 4 contract for the period 01/08/21 to 31/07/23.

Provide the contractual flexibility for any subsequent changes to ongoing service design necessitated by Covid-19 measures and any associated Policy changes made, during the extension period.

Transition to a Cost Plus funding model for the extension period to strike the right level of risk ownership to drive optimal performance and to address the continuing impact of Covid-19.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

The impact of COVID-19 has meant that DWP and DfC were not able to launch the re procurement of PIP as planned in March 2020. Extensions to the existing contracts are needed to fully understand and evaluate the impacts of COVID-19 ahead of future procurements as well as to stabilise the assessment service.

The impact of COVID-19 has been, and continues to be, very significant. The assessment service has had to be very quickly adapted, in particular to suspend face to face assessments and mobilise alternative methods of delivery to support claimants.

Given that PIP is a critical statutory welfare benefit that caters for vulnerable people, a gap in service provision is not an option.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £104,573,345.86

Total contract value after the modifications

Value excluding VAT: £136,496,150.86
