Nuclear Decommissioning

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Environmental Planning for Nuclear Decommissioning at Hartlepool, Heysham 1 and Dungeness B Power Station

Reference number

PCR1/2021/MD

II.1.2) Main CPV code

- 90712000 - Environmental planning

II.1.3) Type of contract

Services

II.1.4) Short description

EDF wishes to procure the provision of professional services to prepare and submit Environmental Impact Assessment for Decommissioning Regulations (EIADR) and Town and Country Planning Act (TCPA) planning applications, as well as other supporting assessments and documents, for the new waste management facilities at Heysham 1 Power Station, Hartlepool Power Station and Dungeness B Power Station. Furthermore, the scope of professional services also includes the preparation of an environmental statement for the decommissioning project under EIADR. A summary of the key scope elements requirements of this Service is comprised of the following key elements set out below:

1. Planning
2. Consultation and Engagement
3. Environmental Impact Assessment (EIA)
4. Marine Licence Applications

This procurement is a competitive two-stage process to be conducted in accordance with the Restricted Procedure. Further details are provided in the procurement documents which are available upon registering an interest in this opportunity via Ivalua.

II.1.5) Estimated total value

Value excluding VAT: £4,200,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

Maximum number of lots that may be awarded to one tenderer: 3

The contracting authority reserves the right to award contracts combining the following lots or groups of lots:

There is no limit on the number of lots a tenderer may bid for and be awarded if successful.

At all stages throughout the procurement process tenderers will be required to demonstrate their capability and capacity for delivering the number of Lots they are bidding for and the response will be assessed accordingly. Where tenderers are bidding for multiple lots but cannot demonstrate the capacity/ capability to deliver multiple Lots in its tender response, EDF reserves the right to award Contracts to more than one Tenderer.

In accordance with Regulation 46(6) of the Public Contracts Regulations 2015 (PCR), EDF reserves the right to award contracts combining several lots where multiple lots are awarded to the same tenderer. For the avoidance of doubt, any of the lots awarded to the same tenderer may be combined. Alternatively EDF may decide to award separate contracts to the same tenderer if successful across multiple lots.

II.2) Description

II.2.1) Title

Environmental Planning for Nuclear Decommissioning at Heysham 1 Power Station

Lot No

1

II.2.2) Additional CPV code(s)

- 71313440 - Environmental Impact Assessment (EIA) services for construction
- 79416200 - Public relations consultancy services
- 90711400 - Environmental Impact Assessment (EIA) services other than for construction

II.2.3) Place of performance

NUTS codes

- UKD4 - Lancashire

Main site or place of performance

Heysham 1 Power Station

Morecambe

Lancashire

LA3 2XH

II.2.4) Description of the procurement

EDF wishes to procure the provision of professional services to prepare and submit planning and EIADR applications, as well as other supporting assessments and documents, for the new waste management facilities at Heysham 1 Power Station.

A summary of the key scope elements requirements of this Service is comprised of the following key elements set out below:

Planning: Planning permission is required from each relevant Local Planning Authority (LPA) under the TCPA to enable the construction and commission of each of the three waste management facilities. As part of this, planning advice on the scope of civil works, preparation of the planning application (including the planning statement and design and access statements), support during the application determination and post determination in discharging planning conditions will be required.

Consultation and Engagement: Support is required in consultation and event management to support both TCPA and EIADR applications, including preparing consultation material, online and virtual engagement platforms, and data management in accordance with the General Data Protection Regulation requirements. The preparation of Consultation Plans and Consultation Reports is also required.

Environmental Impact Assessment (EIA): The potential environmental impacts of the decommissioning work has to be assessed through the EIA process, with appropriate Environmental Statements (ES) being submitted with each application for permission, as required by the TCPA EIA Regulations and the EIADR.

Marine Licence Applications: Some civil works associated with the waste management facilities and decommissioning works in the marine environment may also require a Marine Licence under the Marine and Coastal Access Act.

Further details are provided in the Invitation to Tender documents which are available upon registering an interest in this opportunity via Ivalua

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £1,400,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

84

This contract is subject to renewal

No

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 5

Objective criteria for choosing the limited number of candidates:

As set out in the procurement documents

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2) Description

II.2.1) Title

Options: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

Conditions for participation and selection criteria as set out in the procurement documents

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

III.2) Conditions related to the contract

III.2.3) Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Restricted procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

23 September 2021

Local time

12:00pm

IV.2.3) Estimated date of dispatch of invitations to tender or to participate to selected candidates

25 October 2021

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 6 (from the date stated for receipt of tender)

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.3) Additional information

Tenderers must register on Ivalua in order to access the procurement documents using the link <https://pha.edf.com/page.aspx/en/usr/login>.

When you have registered please access 'Public RFx' and search for 'RFx_101060'.

Prior to any procurement documents being accessible to tenderers, they will need to review, understand and agree to the confidentiality agreement as part of the Ivalua registration process. If a tenderer is unable to accept the confidentiality agreement, they will automatically be excluded from the procurement process.

A supply chain briefing event is to be held on 1 September 2021. The call will be held on Zoom. Instructions for joining this call are included within the procurement documents which will be available on registration to the Ivalua system and acceptance to the confidentiality agreement as part of the Ivalua registration process.

This procurement relates to a subsidised contract under Regulation 13 of the PCR and will therefore be carried out in accordance with Part 2 of the PCR.

EDF expressly reserves the right:

- not to award any contract for one or more lots as a result of the procurement process commenced by publication of this notice;
- to make whatever changes it may see fit to the content and structure of the procurement process.

In no circumstances will EDF be liable for any bid costs incurred by tenderers.
