List and brief description of selection criteria:

1. SPD (Scotland) Questions 4B.5.1 and 4B.5.2 - Insurance Requirements
2. SPD (Scotland) Questions 4B.6 - Other Economic and Financial Requirements

In accordance with Regulation 59(12), as this proposed framework agreement is divided into lots, these economic and financial standing selection criteria apply separately in relation to each individual lot.

INSURANCE REQUIREMENTS:

It is a requirement of this contract that bidders hold, or can commit to obtain prior to the commencement of any subsequently awarded contract, the types and levels of insurance indicated below:

ALL LOTS

EMPLOYERS (COMPULSORY) LIABILITY INSURANCE – to a minimum level of 5 million GBP, in respect of each and every claim without limit to the number of claims.

PUBLIC LIABILITY INSURANCE – to a minimum level of 5 million GBP, in respect of each and every claim without limit to the number of claims..

PROFESSIONAL INDEMNITY INSURANCE – to a minimum level of 1 million GBP, in respect of each and every claim with an aggregate limit of 5 million GBP.

MOTOR VEHICLE INSURANCE – statutory Third Party motor vehicle insurance to a minimum indemnity limit of 5 million GBP in respect of each claim and without limit to the number of claims for property damage, and unlimited for Third Party injury.

For tenderers who will sub contract parts of the business, it is a requirement that the tenderer requires to provide a letter signed by a person of appropriate authority confirming that the tenderer has ongoing arrangements in place to ensure that subcontractors' vehicles

are appropriately insured and maintained.

Minimum level(s) of standards possibly required

Tenderers must note that these minimum levels of insurance are required to be awarded onto the framework, however, the Councils may request an increase to the minimum level of insurance cover required or request additional insurance cover when awarding a Work Order under the Framework Contract. LIMITATIONS ON LIABILITY are detailed in the published terms and conditions of Contract.

FURTHER LIMITATIONS on LIABILITY ARE NOT ACCEPTED.

SPD (SCOTLAND) QUESTION 4B.6 - OTHER ECONOMIC AND FINANCIAL REQUIREMENTS:

A search of the tenderer against Equifax's ScoreCheck and Protect must not result in a "Rating", "Warning" or "Caution" return which identifies financial risk, unless the tenderer confirms that it can provide any other document which Scotland Excel considers appropriate to prove to Scotland Excel (acting within its permitted discretion under the applicable public procurement rules) that the tenderer does/would not present an unmanageable risk should it be appointed on to the proposed Framework Agreement.

Equifax's Protect is a fraud indicator / credit risk search and analysis of five areas of threat in relation to a particular company: credit history; disqualification; validation and investigation bureau; connected data; and bureau information.

Tenderers relying on the financial standing of a parent company who are unable to commit to obtaining a parent company guarantee may be assessed as a FAIL and will be excluded from the competition.
