Reference

pro_20829 - OCAMS095

Description

The current Asset Management Systems landscape of Contracts is due to come to an end from 2025 to 2029, and we have an exciting opportunity for new supply partner(s) who may be interested in bidding for this exciting and high value contract.

The scope of the contract/s to award as an outcome if this procurement is expected to replace most of those contracts including, but not limited to solutions providing asset registers like Pavements, Structures, Geotechnical, Drainage, Lighting, Ancillaries, etc., as well as solutions including Work Order management and Descision Support Tools.

National Highways expects the transition to this new contract/s to impact business critical

processes with across all its operations. Transition processes and capabilities are the utmost importance.

The duration of the new contract is anticipated to be ten years not including transitional activities and implementation stages, with the option to extend by up to a further two years, with a value range of between 50,000,000 GBP and 100,000,000 GBP.

Total value (estimated)

- £100,000,000 excluding VAT
- £120,000,000 including VAT

Contract dates (estimated)

- 13 March 2027 to 13 June 2040
- Possible extension to 13 June 2042
- 15 years, 3 months, 1 day
