Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

Qualification requirements are detailed within the sourcing portal including:

Southern Water is required by its investors to ensure that any key supplier has good economic and financial standing. A CreditSafe check will be used for this purpose, together with other background checks if needed, at the discretion of the Client. A Tenderer may be rejected if the recommended annual contract value for their company on CreditSafe is below the proposed annual value of the contract. The annual value of the contract is calculated by dividing the estimated total value by the initial period. Where a framework is tendered, the annual value would also be divided by the number of Service Providers expected to be appointed.

If a bidder fails this test, and only publishes abridged accounts, Southern Water may allow the bidder to proceed. This would be on the basis of providing turnover data that satisfies the annual contract value accounting for less than a half of their annual turnover; and do not have an adverse risk score on CreditSafe. Alternatively, a Parent Company Guarantee or bank Guarantee may be accepted, however it would need to fulfil the above.

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

III.1.4) Objective rules and criteria for participation

List and brief description of rules and criteria

Tenderers' response to the PQQ will be scored in the order as outlined in the sourcing portal, with those sections marked as Pass/Fail where the Tenderer will either meet or fail to meet the minimum criteria. All prospective Tenderers are required to pass each question within the SWS PQQ response forms.

A full response to Qualification Envelope is required, except where indicated. Failure to respond fully to any required question in this section or not being able to meet the

minimum requirement will result in the submission being non-compliant and being excluded from the process, except where the SWS Commercial Head determines that a genuine error has been made, and a correction may then be permitted.

III.1.8) Legal form to be taken by the group of economic operators to whom the contract is to be awarded

Consortium proposed legal structure if the group of economic operators intends to form a named single legal entity prior to signing a contract, if awarded. If you do not propose to form a single legal entity, please explain the legal structure. Southern Water may require the consortium to assume a specific legal form if awarded the contract, to the extent that it is necessary for the satisfactory performance of the contract.

III.2) Conditions related to the contract

III.2.2) Contract performance conditions

As stated in the procurement documents

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure with prior call for competition

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators

Envisaged maximum number of participants to the framework agreement: 3

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2022/S 000-034911](#)

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

7 August 2024

Local time

5:00pm

IV.2.3) Estimated date of dispatch of invitations to tender or to participate to selected candidates

4 September 2024

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 6 (from the date stated for receipt of tender)

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.2) Information about electronic workflows

Electronic invoicing will be accepted

Electronic payment will be used

VI.3) Additional information

The contract value of £112M detailed in Section II.1.5) of the Contract Notice is for the entire duration of the Framework (5 years initial + 3x1 years optional extensions). The contract value for the initial term of 5 years is £70m.

Submission of expression of interest and procurement specific information: This procurement exercise will be conducted on the Jaggaer One e-procurement portal at:
