Hampshire County Council is aspiring to support 10 households to relocate into the area per year up to 2022.

Southampton City Council has set a target of 4 households per year (giving a maximum of 14 households per

annum under this contract). The contract is for one year plus up to three additional years using an Open (one

stage) tender process.

Both the SVPR and VCR schemes prioritise people requiring urgent medical treatment,

survivors of torture and

violence, and women and children at risk. All applicants (including accompanying family members) are subject

to the usual immigration checks and screening prior to a visa being granted.

Individual refugees relocated under the scheme are identified by the United Nations High Commission for

Refugees (UNHCR) and are allowed to bring their immediate family with them. This is limited to one spouse /

partner (who must be over 18) and their children. There is no provision to allow applicants to bring other

dependant relatives unless they also meet the vulnerability criteria in their own right or the Home Office is

satisfied that there is an existing dependency.

Those who are accepted under the Schemes are granted humanitarian protection giving them leave to remain

for 5 years with full access to employment and public funds and rights to family reunion comparable to refugees.

They are required to enrol their biometrics in order that a Biometric Residence Permit can be issued. At the

end of 5 years if they have not been able to return to their country or origin, they may be eligible to apply for

settlement in the UK.

These are families who worked for the UK Government in Afghanistan, including many who worked as interpreters for UK forces in the country, and who are eligible for expedited relocation to the UK under the Afghan Relocation and Assistance Policy (ARAP), part of the ALES. It is expected that around 18-22 families may require resettlement within Hampshire, depending on availability of housing and support.

The department are seeking the modification under Regulation 72(1)(c) of the Public Contract Regulations 2015, to add in additional families from the Afghan Resettlement Scheme/Policy to Hampshire's existing Refugee Resettlement contract. Regulation 72(1)(c) sets out that modifications can be made where all of the following conditions are fulfilled:

- (i) the need for modification has been brought about by circumstances which a diligent contracting authority could not have foreseen;
- (ii) the modification does not alter the overall nature of the contract;
- (iii) any increase in price does not exceed 50% of the value of the original contract or framework agreement.
