The Clement Close service was designed to provide supported living accommodation, and ensure accommodation was available to adult social care residents with high support needs to allow them to live more independently and promote their wellbeing. The service supports borough residents to live independently in their home and reduce the potential of living within or moving to residential care. Residents have their own accommodation, with self contained flats as well as communal facilities.

The service provides 24 hour on-site care and support in line with the supported living model of care for individuals with a range of needs. Clement Close provides care and accommodation predominantly for adults with sensory loss, and a learning and/or physical disability.

The new contract will be based on a core and flexi model with only the core element being commissioned through this procurement. The core service is designed to meet daily living needs, unplanned and emergency care needs and night support to provide 24 hour support. The flexi hours are based on residents' assessed needs, with their care and support plan outlining support to ensure their outcomes are met.
