### **II.2.4) Description of the procurement**

The NHS Long Term Plan published on 7th January 2019 included a new ambition to diagnose three out of four people with cancer at an early stage by 2028. To help deliver on this ambition, the Plan also committed to the extension of the Targeted Lung Health Check (TLHC) Programme across England.

The national TLHC programme builds on approaches trialled successfully in Manchester and Liverpool, where 55 to 74 year-olds who were either smokers or had ever smoked were invited for a Lung Health Check (LHC), with those identified as high risk of having lung cancer receiving Low Dose Computer Tomography (LDCT) scans.

STW ICB is seeking Expressions of Interest (EoIs) from potential providers that are suitably qualified and experienced in delivering a TLHC or similar screening service.

This market engagement exercise shall enable STW ICB to ascertain the current state of the provider market which will influence future commissioning and procurement direction.

It is anticipated that any future contract will be for a period of 2 years with the option to extend for up to a further 24-month period with an estimated total value of £8,430,257.00 VAT Exempt. Please note revenues will be contingent on patient uptake rates and commensurate with the number of LHCs and LDCT scans delivered during the contract period. NHS Standard Contract Terms and Conditions will apply. The anticipated Contract go-live date is the 1st March 2025.

Any Provider wishing to express an interest in delivering a TLHC Service in the STW area should complete the questionnaire, which can be found on the Atamis Health Family eCommercial System.

STW ICB is only seeking expressions of interest from providers who are genuinely attracted to this potential opportunity and capable of providing the service. Please only express an interest if you have the relevant authority to do so on behalf of your organisation.

Please note those organisation's that have expressed an interest will still be required to register for any future procurement and should not rely on their response to this EoI.

### **II.3) Estimated date of publication of contract notice**

23 August 2024

## Section VI. Complementary information

### VI.3) Additional information

It should be noted that this is not a procurement exercise at this stage and participating organisations are responsible for their own costs. All details provided by STW ICB are in draft format, and STW ICB reserves the right to change/amend any aspect of its requirement prior to any potential future procurement exercise. Please note the Contracting party for the avoidance of doubt for any future Contract shall be STW ICB.

To register your Expression of Interest (EOI) please complete the questionnaire on the Atamis Health Family eCommercial System <https://health-family.force.com/s/Welcome>, reference C285063.

The closing date for Eols is 12:00 noon on the 22nd July 2024.

This is a Provider Selection Regime (PSR) market engagement notice. Should STW ICB award any contract subsequent to this request, it will be subject to the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this notice.

STW ICB is not bound to act on any information generated from the questionnaire, and participation does not automatically guarantee any standing with regards to any future PSR process adopted by STW ICB.
