Reference number

DN716223

II.1.2) Main CPV code

- 85000000 - Health and social work services

II.1.3) Type of contract

Services

II.1.4) Short description

The Isle of Wight Council (“the Authority”) invites Tenders from suitably qualified suppliers (“Potential Suppliers”) for the provision of Respite Care Block Booked Beds for people suffering with Dementia on the Isle of Wight.

This procurement follows the Open Procedure under the Public Contract Regulations 2015.

The Authority’s requirement for respite care can be described as a service which provides a break for an informal carer from their caring role supporting another adult with care and support needs. The service is legally defined as a service.

The aim of respite care is to enable personalised, quality, informal care arrangements to be sustained and to maintain a person’s independence in their own home for as long as possible. The common factor is not what service is provided, but its purpose: to provide a break which is a positive experience for the person with care needs and the carer

There are two lots with one supplier per lot:

LOT 1 - Moderate Dementia Residential Respite Care on the Isle of Wight.

This care is for people whose dementia symptoms have become more pronounced who may become more confused and forgetful. They may get frustrated or angry, and act in

unexpected ways, and may need more help with daily activities and self-care.

LOT 2 - High Dementia Residential Respite Care on the Isle of Wight.

This care is for people whose dementia symptoms are severe who have started to lose their ability to respond to their environment, to carry on a conversation and, eventually, to control movement. People at this stage may require around-the-clock assistance with daily personal care.

The Authority requires the successful supplier to provide one (1) bed with respite care for eligible Service Users for each lot.

The respite care bed (in each lot) must be available seven days per week and should be bookable up to 12 months in advance for periods from one weekend to two weeks.

The respite care bed will be paid for by the Authority irrespective of utilisation, subject to the Schedule 3 No 6 of the terms and conditions relating to the bed being empty for more than 7 days, ensuring that the respite care bed is always available to the Authority to utilise for its Service Users' respite care needs.

The total allocated annual budget will be reviewed annually in line with the Authority's fee review process.

The term of the contract shall be 15 October 2024 until 14 October 2029 with the option to extend for up to a further 24 months at the sole discretion of the Authority.
