II.2.4) Description of the procurement

This is a call for expressions of interest to attend an Engagement Event for NHS Lancashire and South Cumbria ICB's Tier 1 Ophthalmology Service.

Lancashire and South Cumbria ICB currently commission a range of primary eye care services via a range of different providers which is delivered in all areas. These services were established through individual contracts between existing providers and the former CCGs. West Lancashire currently do not have a Tier 1 ophthalmology service commissioned within their geography so this will be an additional provision.

A standardised model of Tier 1 ophthalmology provision has been designed in collaboration with clinical colleagues across Lancashire and South Cumbria. The aim is to take lessons learnt from the most successful models and work in alignment with national programmes to optimise our service provision, by regulating eyecare across Lancashire and South Cumbria, reducing health inequalities and increasing care provision and access.

The model will improve integration through collaborative partnerships between primary care optical practices and Hospital Eye Services. The aim is to provide safe, effective pathways of care with improved patient flow, via evidence-based pathways. This will improve access for patient care, deliver care closer to home and overall provide an excellent patient experience whilst delivering a cost-effective service.

As part of this procurement process, the authority is intending to identify one provider to deliver a Tier 1 Ophthalmology Service across the whole Lancashire and South Cumbria ICB.

The contract will be for 3 years with a possible 2-year extension. The estimated contract value per annum is £3,261,000. It is estimated that there will be 1% growth year on year.

NHS Lancashire and South Cumbria would like to invite all potential providers to an engagement event on Monday 7th August 2023 12-1pm via Microsoft Teams.

The procurement is due to commence in August 2023. The procurement will be advertised on the UK Find a

Tender Service (FTS) and on Contracts Finder in compliance with UK public sector procurement obligations.

Interested providers are advised to register with MLCSU e-Procurement portal Atamis via the following link:
