Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The Council is using Reg 32(2)(b) for this contract. The hardware for the unattended library solution provided by Bibliotheca under the contract is still current and owned by the Council. The hardware was purchased via Bibliotheca on their recommendation in 2016 when the system was implemented under a contract that was competitively procured under the open procedure, to fit with the software and to provide an overall robust system for allowing unattended access. The software that is compatible with the hardware is with the current provider. It is not best value for money to remove and dispose of current hardware and re-buy hence competition is absent for technical reasons. Contract will likely be competed at the end of the 2 years when hardware is end of life.
